WORK EXPERIENCE

JUNIOR WEB DEVELOPER INTERN   2023 - 2023
GLOBALOR PHILLIPINES

I designed user-centered interfaces, coded user-side applications with menus and buttons, and developed back-end functionalities. I also conducted both manual and automated testing to ensure product quality, improving testing processes and offering technical recommendations while maintaining code documentation.

VIRTUAL ASSISTANT FREELANCER   2020 - PRESENT
UPWORK GLOBAL INC

I researched and collected data for lead generation from diverse sources. I identified target customer profiles, validated lead information, and organized databases for tracking progress. Regular reports and updates were provided to stakeholders to measure effectiveness.

LEAD GENERATION ASSISTANT   2016 - 2016
JJS DATA MINING

I specialize in virtual assistant services with expertise in lead generation and social media. My experience includes researching and identifying potential leads within target markets, and I'm highly detail-oriented in maintaining accurate lead databases and tracking lead interactions.
